

HOT SOCKET REPAIR KIT

All the tools and an assortment of parts needed for servicing hot sockets in a durable, convenient, and portable case!

THE EASTERN SPECIALTY COMPANY

TESCO continues to lead the industry with research into and ways to deal with hot sockets. TESCO is pleased to introduce a **Basic Hot Socket Repair Kit** (Cat# 304) and a **Pro Hot Socket Repair Kit** (Cat# 305) to give your meter technicians the tools they need to deal with hot sockets encountered during an AMI deployment or through the course of ongoing operations.

Included in each kit are the components and tools you need to repair the most common sockets. These include components to repair the more common boxes from L&G/Siemens, Durham, Anchor, Milbank, and Superior. The Pro Kit includes TESCO's Hot Socket Gap Indicator, used to determine if a socket is worn out and unsafe, as well as components for 100 amp and 60 amp services. TESCO's Socket Safety Clips are also included in both kits so you always have an option to leave the service safer than you found the service.

Additional parts and replacements can be purchased to give your meter techs a better chance of being able to quickly and effectively handle an unsafe condition in the field.

CAT#305 PRO HOT SOCKET REPAIR KIT:

The Cat#305 PRO Hot Socket Repair Kit provides the tools and components for the most common 200 amp services as well as 100 amp and 60 amp components to repair older boxes. Also included is the famous TESCO Hot Socket Gap Indicator and a 40-pack of TESCO Socket Safety Clips. This kit will give you the greatest number of options possible to fix any service needing repair. Pro Hot Socket Repair Kit includes:

HOT SOCKET REPAIR KITS

Choose from **TESCO's Basic Hot Socket Repair Kit** or **Pro Hot Socket Repair Kit**. The Basic Hot Socket Repair Kit provides the tools and components you need to repair the most common 200 amp services. These kits are small and portable, making it easy and convenient to keep in a work truck.

Each kit can be replenished with **Bulk Component Replacement Kits** to suit your specific needs. Contact your TESCO representative today for more information on Hot Socket Repair Kits.

TESCO also has a **Field Bag** (Cat. 1048) to fit both your Hot Socket Repair Kit and Replenishment Kits. The bag features a large main compartment with a removable divider, two smaller side pockets, and a shoulder strap.

Cat# 304 Basic Hot Socket Repair Kits Include:
