TESCO K-Base Test Board Adapters

The TESCO K-Base Test Board Adapters allow quick, convenient testing of self-contained K-Base meters on test boards designed for socket type meters. The K-Base Test Board Adapters are designed for single phase (Catalog No. 1180-2) and polyphase (Catalog No. 1180-4) meters.

The K-Base Test Board Adapters are easy-to-use and equipped with two clamps located on the front of the adapter, which will secure the meter to the base. The adapter also has an acrylic safety shield to protect the user from any arcing that may occur.

Features

- Easy-to-use
- For use on mechanical or solid state meters
- Safety shield around the entire adapter
